

MATH OLYMPIADS

The England PTA is delighted to announce “Math Olympiads” program at EEE. This is a challenging math problem solving contest for 4th and 5th grade students.

Goals:

- *To stimulate enthusiasm and a love for mathematics*
- *To introduce important mathematical concepts*
- *To develop mathematical flexibility in solving problems*
- *To provide for the satisfaction, joy, and thrill of meeting challenges*

Procedures:

The highlights for students are the five monthly contests, given from November to March. These contests provide an incentive for students to intensify their study of math. The number of contests reinforces learning to think mathematically. Contest exams are taken at the participating school. The contest dates are:

2019/2020	November	December	January	February	March
Division E	13	11	15	12	11

Program duration:

The program begins in September and runs through March. There will be rewards and incentives for completed worksheets to motivate students. Additionally, there will be an end of the year celebration for reaching the finish line!!!

Eligibility:

4th or 5th grade students interested in challenging themselves. **Note:** *The problems are quite challenging compared to the students' grade level. Please consider and discuss with your child before applying for the program.*

How do I enroll my child for the program?

- Please complete the attached form before the due date. Send the completed form by 7th October Monday to the classroom teacher.
- If we get more than 35 applications (combined 4th and 5th grade), we will do a lottery to select participants. Selected students will be notified Wednesday, October 9th.
- Rules: Each student participating in the Math Olympiad programs must make sure they are available for all the contest dates mentioned above. **This is mandatory.**

Note: Please remember that the program is optional and it will not be part of your child's classroom instruction or grades.
